

# Business Description

Worksheet

# Business Description

Provide a short description about the business you have selected

## → Business Name

FocusVu

## → Description of the business

We offer private, secure video conferencing software especially designed for product demos. You can preload your demo, test it out ahead of time, prepare your meeting and then invite anyone using a unique, single use link. This is an online, B2B operation.

We are developing a new classroom feature and is getting ready for a feature launch, including developing a training schedule and content.
